Profile

I am a passionate and dedicated full-stack developer with a robust background in engineering and IT. Recently, I completed an intensive bootcamp in full-stack development, where I honed my skills in modern programming languages, web development frameworks, and database management. My career shift into development is driven by my love for technology and a strong desire to create innovative software solutions. I am eager to leverage my diverse skill set in a dynamic development environment, where I can continuously learn, tackle complex problems, and contribute to impactful projects

Key Skills

- <https://salisuisah.co.uk/>
- <https://github.com/isahsalisu/>
- HTML5, CSS3, JavaScript
- PHP, SQL, React, jQuery
- Java, Python, C#, Node.js
- Command Line Git, GitHub
- Remote API access

Work Experience

Clever ICT Ltd

Oct 2022 – Dec 2022

Junior Information Support Technician

- Dispensed technical support to clients, including troubleshooting and repairing hardware and software issues
- Positioned, installed and configured computer systems and networks for clients
- Engineered with the maintenance and management of client IT infrastructure
- Represented in team meetings and contribute to the continuous improvement of company processes and procedures
- Interfaced and collaborated with team members to resolve complex technical issues and resolved to 100% functionality

Omega Child Service

Jul 2020 – Dec 2021

Fire Warden

- Administered access to the building; actively monitoring the security of the buildings through door supervision and management
- Supervised and ensured visual inspection are mandatory, internal and external patrols for 100% safety
- Superintendent all security systems and effectively set up FOB keyless access as well
- Inspired team performance to meet KPIs to boost 100% positive feedbacks

Service Technician**Apr 2014 – Oct 2019**

Dove Electronics Services Ltd

- Diagnosed, repaired, and maintained a variety of electronic devices, specialising in PCB systems and analogue electronics.
- Worked closely with engineers to troubleshoot complex electronics issues, improving system reliability.
- Trained and supervised junior technicians, enhancing the team's overall efficiency and technical knowledge.

Tech Lancaster Bootcamp (Electronics Specialist)**Sep 2023 – Dec 2023**

Tech Lancaster, UK

- Gained hands-on experience in electronic product development, soldering (IPC standards), and schematic design.
- Implemented Electrostatic Discharge (ESD) protocols, and created intricate circuits, including projects involving **555 timers** and **Arduino accelerometers**.

Education and Training

IT Career Switch Ltd**2024**

Full Stack Developer Traineeship (intensive, practical one-year program)

- Completed two projects from scratch and to specification - providing hands-on development experience with front and back end languages and databases. More information on these projects can be found at:
- <https://salisuisah.co.uk/>

Edx**2022 – 2023**

Front-End Development Bootcamp

- Focused on web development best practices, responsive design, and user interface creation.

Skills Bootcamp in Electech (Electronics)**2023**

Tech Lancaster, UK

- Specialized in electronics, certified as an IPC Specialist in IPC J-STD-001 and IPC 7711/7721 standards.

CompTIA A+ (220-1001 & 220-1002)

2022

CompTIA Network+ (N10-008)

2022

ITIL Foundation v4

2021Higher National Diploma (HND) in Electronics & Telecom Engineering
Federal Polytechnic Nasarawa, Nigeria**2007 – 2010**
